3. Any party other than the Company who obtains access to our report or a copy of it and chooses to rely on it (or part thereof) will do so at its own risk. Our engagement has been performed in order to be able to report those issues that we need to report in an independent limited insurance report, and not for other purposes. The report refers only to the elements specified in this report and does not extend to the financial statements or other reports issued by the Company, taken into account individually or as a whole.

Responsibilities of the Company’s management

4. The Company’s Management is responsible to prepare and submit the Current reports that are free of material misstatements, in accordance with art. 92³ of Law no. 24/2017 and with Regulation no. 5/2018, for their completeness and for the information presented therein, for the accuracy of the prices used of the Reported transactions included in the Current reports by reference to the other offers available on the market, as well as for the fulfilment of the criteria defined in paragraph 10 of this report. This responsibility also includes assuring the compliance with the requirements of art. 92³ of Law no. 24/2017 and of the Regulation no. 5/2018, the compliance of the Reported transactions included in the Current reports with the supporting documents and the maintenance of adequate records in relation to the Reported transactions and the Current reports. The Company’s management is responsible to make sure that the personnel involved in the conclusion of the Reported transactions included in the Current reports and the drafting of the Current reports is adequately trained and the computer systems are adequately updated.

Auditor's responsibilities

5. Our responsibility is to analyze the Reported transactions included in the Current reports submitted by the Company and to report in the form of an independent limited assurance conclusion, based on the evidences obtained. We have conducted our engagement in accordance with the International Standard for Assurance Engagements („ISAE”) 3000 Assurance engagements, other than audits or reviews of historical financial information issued by the Council for International Audit and Assurance Standards. This standard requires us to plan and perform our procedures in such manner, to obtain an adequate assurance level if the price of the Reported transactions included in the Current reports meets, in all material aspects, the criteria defined in paragraph 10 of this independent limited assurance report as a basis for our independent limited assurance conclusion.
6. We apply the International Standard on Quality Control 1 (“ISQC 1”) and, therefore, we have a complex quality control system, including documented policies and procedures related to comply with the ethical requirements, professional standards and legal provisions and of the applicable regulatory bodies. We have met the independence requirements and other ethical requirements provided by the Code of Ethics of the Professional Accountant issued by the Council for International Ethics Standards for Accountants that are based on the fundamental principles of integrity, objectiveness, professional competence and diligence, confidentiality and professionalism.
7. The selected procedures depend on our professional judgement and our understanding of the Reported transactions included in the Current reports and of other circumstances of the engagement, as well as on our considerations related to the areas where material misstatements could occur. In obtaining an understanding of the Reported transactions included in the Current reports, we have taken into consideration the process used by the Company to conclude the transactions and to prepare and submit the Current reports in accordance with the requirements of art. 92³ of Law no. 24/2017 and of Regulation no. 5/2018 in order to determine the relevant assurance procedures under the given circumstances, but not for the purpose of stating a conclusion on the effectiveness of the process or of the Company's internal control for the conclusion of the Reported transactions included in the Current reports and for the drafting and submission of the Current reports.

The procedures conducted consisted mainly of taking interviews of the management and of other employees of the Company, comparison of the price used for the transactions reported in the Current reports with the criteria used by the Management to evaluate it, as well as of evaluating the evidence obtained.

8. The procedures conducted to obtain evidences within a limited assurance engagement are different in terms of nature and timing and are more restricted, in terms of scope, than the procedures conducted within a reasonable assurance engagement. Therefore, the assurance level that is obtained within a limited assurance engagement is considerably lower than the assurance level that would have been obtained if a reasonable assurance engagement had been conducted.
9. As part of this engagement, we have not conducted any procedures for auditing, reviewing or verification of the Reported transactions included in the Current reports in accordance with the International Audit Standards or the International Standards on Reviewing Engagements or of the sources from which the transactions included in the Current reports originate, nor did we conduct any procedures related to the completeness of the Reported transactions included in the Current reports.
10. Our procedures were applied only for the Sales of finished goods Agreements 30732/ 03.01.2019, 7126/25.03.2019, 20820/02.09.2019 (with no addendums in the current year) and Purchase Agreements 30731/03.01.2019, 3934/29.11.2019 (with no addendums in the current year) and Purchase Agreement 471/ 01.09.2016 which include the Addendum signed on 03.06.2019 and also for the following contracts which are related to the transfer of a part of operations to Rom Paper SRL subsidiary, respectively: Agreement for providing labor services 5576/02.03.2020, Agreement for sale of assets 7119/ 23.03.2020, rent Agreement 3935/ 13.02.2020, Agreement for rented equipment 11300/ 29.05.2020 and Agreement for maintenance 8940/ 23.04.2020 concluded with Rom Paper S.R.L. Also the Agreement for supplying natural gas CL-SM1018D0/ 01.10.2020 concluded with Gaz Vest SA (with no addendums in the current year).

We did not conduct any procedures to check whether the Current reports include all the transactions and details on the transactions that the Company must report in accordance with the requirements of art. 92³ of Law no. 24/2017 and with Regulation no. 5/2018 for the period between July 1st, 2020 - December 31st, 2020.

Criteria

11. The criteria used within this engagement were as follows:

- for the current reports related to the sale of finished goods agreement 30732/ 03.01.2019: the comparison of the applicable sale prices with the affiliated company to the sale prices applicable to other customers within the normal course of business.
- for the current reports related to agreements 5576/ 02.03.2020, 7119/ 23.03.2020, 3935/ 13.02.2020, 11300/ 29.05.2020 and 8940/ 23.04.2020 we did not observe the comparison between prices used and market prices, taking into account the strategic objective of transferring part of the operations and providing additional related services (rent, maintenance), such transfers occurring at similar amounts with the accounting carrying values.
- for current reports related to agreement CL-SM1018D0/ 01.10.2020: comparison of purchase prices used by the affiliated company in comparison with the prices provided by other suppliers from the market in the same conditions.
