Ecorep Group S.A. ("the 3rd Branch") was founded in 2020, in November, and is a private company with Romanian capital. The main activity of this subsidiary is the provision of services regarding the implementation of the obligations regarding the extended liability of the producer for the environmental targets.

The company is at the beginning of its activity and is being authorized by the Ministry of Environment.

Accounting principles, policies and methods

The simplified interim consolidated financial statements for the first three months ended on March 31st, 2021 were drawn up in accordance with IAS 34 Interim Financial Statements.

The simplified interim consolidated financial statements do not include all the information and elements presented in the annual report and shall be read together with the Company's annual financial statements, drawn up as at December 31st, 2020.

Notes to the interim consolidated financial statements

(simplified, not audited)

The accounting policies and the evaluation methods used for the preparation of the simplified interim consolidated financial statements are in accordance with those used for the preparation of the Company's annual financial statements for the year ended on December 31st, 2020.

Combinations of entities are accounted through the acquisition method on the date when the Group obtains control over the acquired entity. Control requires exposure or rights onto the variable results of the entity in which investments were made, as well as the ability to influence those results by exerting authority over the entity in question.

Branches are entities controlled by the Group. The financial statements of the branches are included in the consolidated financial statements from the date when control starts being exerted until the date of its cessation.

The interim consolidated financial statements for the first three months of 2021 have not been revised by an external financial auditor, as this is not a legal requirement.

Transactions in foreign currencies

The operations expressed in foreign currencies are recorded in RON at the official exchange rate on the date of discounting of the transactions. The monetary assets and liabilities recorded in foreign currencies on the date of preparation of the accounting statements are converted into the functional currency at the exchange rate on that day.

The losses or gains from their discounting and from the conversion using the exchange rate as at the end of the period for reporting of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

The exchange rates of the main foreign currencies were as follows:

Currency		March 31 st , 2021	December 31 st , 2020	Variation
Euro (EUR)		4.9251	4.8694	+1,14%
American (USD)	dollars	4.1969	3.9660	+5,82%

Other notes

The Company's management has established its medium and long-term strategy, and the estimates predict increases in sales and decreases in costs due to the efficient use of resources, which will lead to an increase in operating profit.

The Group recorded as of March 31st, 2021 a positive cash balance of RON 4.286.129 and does not have any outstanding liabilities to the public budgets or to its private partners.

Based on these analyzes, the management considers that the Group will be able to continue its activity in the foreseeable future, but not limited to the next 12 months and, therefore, the application of the business continuity principle in the preparation of the consolidated financial statements is justified.
